My Sweet Jesus +

Mary, Queen of the Apostles +++

Blessed are all My children who put God in first place in their hearts. This is the fundamental principle to glorify the One who is, who is, and who comes. Yes, glorify My Son Jesus, so you will glorify the Father and the Holy Spirit, the Holy and Glorious Trinity. This is what must concern each and every one of you, every man and every woman, whatever their race, color, way of life. We must live for God, with God and especially not try to live without Him, without God, because you will not go far to this train there. Amen +

Always have God as Friend, to accomplish what He wants from you. If you don't know, first start following His Commandments, all without exception. 10 + 7, the 7 being those of the Church that God created with his Blood on the Cross. Yes, the Commandments of the Church. It is not enough to be Baptized, to say: I am a Catho, and not to go to Holy Mass on Sunday; any speech thus reported is only non respect for the Law of God. If God instituted the Eucharist it is not so that you flee before it, before Me who is King, Messiah and Savior of the World. He who eats My Body and drinks My Blood will have eternal life, because he has life in him. Without Me you can do nothing. Oh yes! , useless things, full of baseness and corruption, lies and hypocrisy. Be frank, be loyal to your brethren: Love God until then, and this from today, for all will repent when God sends his angels and everyone will see himself as he is. You still have a little time to correct what is wrong with you, your way of appreciating things. Become believers, fervent defenders of the Law, so you will escape the condemnation that will make you suffer for not having respected God, for having forgotten Him and even rejected him sometimes, telling you: I do this, I do that, I do what I want; my consciousness, I don't listen to it, I don't have time for it; the world moves, you have to move with it. Well No! We must move wisely, without shaking everything: what works let it work, and what does not work try to make it work, but always with the goal of respecting the Laws that God has established. Everything is contained in the Commandments that God gave to Moses, there is only Love and harmony. And we must not break this harmony, we must join it to speak of one heart with the One who opened his Heart for you. Yes, we must listen to God, listen to his Word. This is why we must go to Holy Mass, because the Word is blessing for the soul, it cleanses you of your sin and, little by little, you purify yourself, you become Love, Compassion and Mercy, you understand that many suffer from malnutrition and you commit yourselves in charity to help those who are hungry, who thirst for justice and who toil in this valley of tears. Amen +

Stop wars, stop quarrelling. Pray and ask for peace for the world by making peace at home, by being kind. Is it also difficult to be with God to be in joy. God alone brings joy, the eternal joy that comes from faith. Ask for Faith, you can never have it enough. You must live by Faith, you must ask God every day: Give me Faith, help me to spend my day well. I want to spend it with You in my work, in my rest, in my family with my children. All must be only Love and Forgiveness; if you hurt yourself with words that escape you, ask for forgiveness and your hearts will rejoice, your souls will be transformed to make a setting for God who comes to dwell in each one of you. Yes, God is Present in the soul He created. And the soul loves God, so all you have to do is listen to your conscience, do good, abandon evil, and everything will be given to you. Amen +

I bless you, My beloved children, to have listened to your God, the Son of the Risen Man. Continue your journey, often invoking the Holy Spirit, for I am the Holy Spirit. Amen +

Jesus and Mary and Joseph, united to their Friends who listen and put into practice the Word that God gives you. **Be defenders of the Law:** Love and seek Love and you will always find it, He comes down from Heaven every day to slay Himself on the Altar. Amen +

We bless you in the Name of the Father, and the Son, and the Holy Spirit. May God protect you, lead you and keep you on the path that goes to Him, the path of sanctifying grace. Amen +
